

Firbeck Primary Academy at NUSA

Monday 24th June 2019

Dear Parent/Guardian,

I am writing to inform you of a temporary arrangement to accommodate Firbeck Primary Academy at NUSA. Firbeck Primary Academy are currently unable to use their school building due to a water leak. The leak will take time to repair so in the interim we have offered to accommodate Firbeck's staff and students at NUSA. Firbeck and NUSA are both members of the Nova Education Trust and this demonstrates how schools in a trust work together to ensure the continuity of education for the students in our community.

Accommodating Firbeck at NUSA has been carefully planned to minimise the impact on our students and to allow Firbeck to operate in different areas of our site to NUSA students and staff. Firbeck will be based in our D Block which is separate from our main school building. Firbeck will also use some classrooms on the lower floor of B Block and this area will be closed to NUSA students. Firbeck will have different start and finish times to their day as well as break and lunch at different times to NUSA students. Firbeck will be entering and leaving our site through a separate gate to NUSA students.

We have spoken to NUSA students and asked them to Work Hard and Be Kind to ensure that Firbeck students feel welcome and can work productively in the time they are with us. We look forward to giving the staff and students from Firbeck a positive experience at NUSA.

Yours sincerely,

Mark Trimmingham

Head of School
NUSA
