

Advice to All Parents

Dear Parents,

Following on from the letter sent yesterday regarding the positive Covid case in the kitchen staff based at NUSA, I can now confirm that Aspen's have conducted a full deep clean of the kitchen and have provided us with an alternative staff force whilst our staff self-isolate.

As a result, our kitchen service will resume tomorrow. Students who wish to purchase food will be able to do so from tomorrow.

Can I please remind all parents/carers that we do not allow students' food accounts to go in to 'deficit/debt'. If a student does not have the money required on their account, they will not be able to purchase food. Allowing students to go in to 'debt' on their accounts does not provide them with a positive message regarding budget handling in the future. If for any reason you are struggling to provide money for meals or are struggling to add money via ParentPay, please contact the school reception or your child's Head of Year so that we are able to assist with your accounts.

Yours sincerely

Emma Howard
Headteacher
