Dear parents/carers

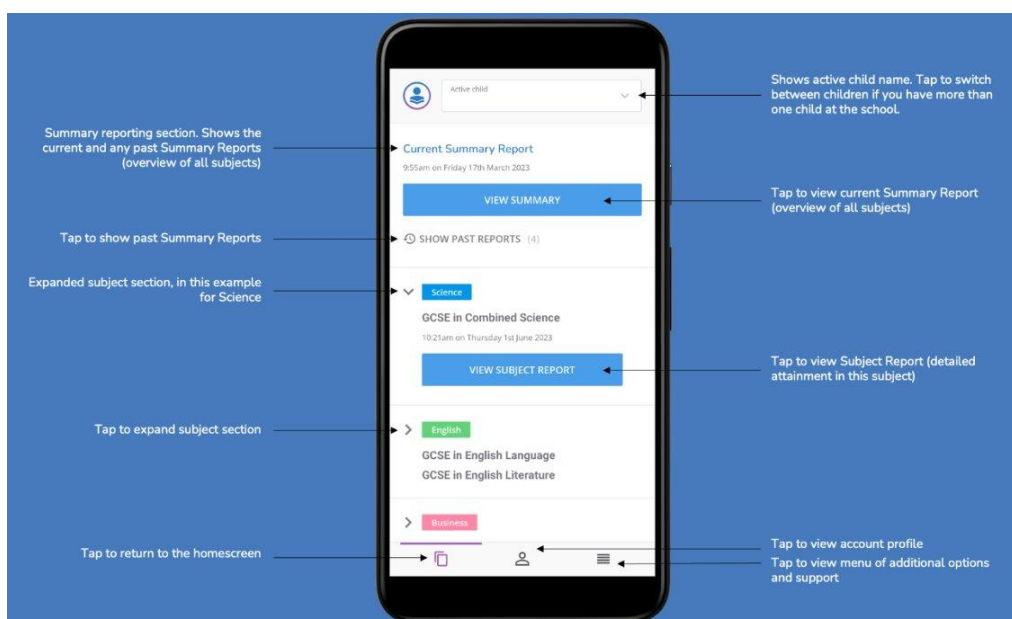

We are excited to share with you the launch of our new report app for parents and carers. As a parent or carer of a year 8 student you will be among the first to use the new app and have a chance to discuss your child's data from it with their teachers at Y8 progress evening on Thursday. In the next 48 hours you will receive an email from Pupil Progress with instructions on how to activate your account, as well as your unique username to access your child's data.

In order to set up your account you need to have downloaded the app from the Apple App Store for iPhones, or the Google Play Store for Android phones.

- For iPhones: <https://apps.apple.com/gb/app/pupil-progress-app/id6472656119>
- For Android phones: <https://play.google.com/store/apps/details?id=com.pupilprogress.app>

Once you have downloaded the app open your invite email from Pupil Progress on the phone you have already installed the app on, then tap the link in the email to activate your account. You then just need to enter your child's date of birth and you're all set up.

When you are logged in your home screen will look like the image below:

You can then explore your child's summary report, previous reports or go into more detail with the individual subject reports, as shown in the image below:

Current Grade
Grade the student would be likely to achieve if they sat exams tomorrow, regardless of the amount of the course they have covered. Based on Overall Total Marks & Grade Boundaries.

Scaled Average Unit Marks
The average marks the student has achieved across all the units in the course they have studied up to this point. Based on Average Total Marks for units covered.

Overall Total Marks
The total number of marks that a student has achieved across the whole course. Based on Average Total Marks for all course units.

Average Unit Grade
If the student completes units at the same level as seen so far, this is the grade they are likely to achieve at the end of the course. Based on the Scaled Average Unit Marks.

Minimum Target Grade
The minimum final grade that a student is expected to receive in the course. Set by the school, normally based on previous attainment.

Target Grid
This shows the extra marks needed to achieve any of the three next highest grades. Based on the Scaled Average Unit Marks.

Unit Summary
Overview of Unit Grades for each unit.

Unit Grade
Grade currently achieved in each unit. Based on Average Total Marks & Grade Boundaries.

Topic Summary
The percentage of available marks achieved in different topic areas. Some courses have a Skill Summary showing breakdown by Assessment Objectives (AOs) or skills.

Unit Breakdown
Show any assessments (e.g. past papers) that have been used to calculate the unit grade and marks. Some subjects will also have Question Level Analysis for the unit showing the marks for each question.

Average Total Marks
Average total marks the student has achieved in the relevant assessments they have taken for that unit. Occasionally assessments are shown which have been set to not count toward the Average Total Marks.

At progress evening you will then be able to talk to your child's teachers about what the data shows, your child's strengths and how we can support them in areas they need to develop.

We look forward to seeing you on Thursday and sharing this exciting new development in our reporting process with you.

Kind Regards
Mrs F Huskisson-Moore
